If You Get Stuck:

Solutions to the challenges are on the back of each card.

More Ways to Play:

- **Memory Game:** Start by allowing players to look at solutions for ten or fifteen seconds, then flip the card over and play the challenge side. This is a great way for parents to play with younger children!
- **Symmetry Game:** Use the five pieces to build walls that are symmetrical (the same shape on left and right sides). You don't need cards for this, any wall you build which is symmetrical wins!
